RESTRICT TRADING IN ELECTRIC HAND TOOLS

Beginning 1 October 1951, state authorities and their various organizations, as well as state agricultural machine stations, state farms, artisans' cooperatives, and agricultural producers' cooperatives, will be required to order electric hand tools and other small machinery from the High-Quality Steel and Machine-Tool Trading Enterprise, 12 Szent Istvan Korut, Budapest XIII.

The following electric tools may be ordered subject to the approval of the Machine Conservation Office:

Electric drill, thread cutting drill; electric hand screw-driving machine; electric hand grinder; electric hand sheet-metal shear; electric hand wood-working machine; all-purpose electric hand machine tool with movable axle; three-phase grinding or polishing motor, encased; same, without support, 0.1 - 10 horsepower, to 600 volts, 50 cycles; same, on low or high support; grinder on support, with three-phase, two-pole 0.1 - 1 horsepower synchronous motor, 3,000 rpm; forge blower; valve grinder, valve-seat grinder; coal drilling machine; polishing machine; and coal drilling machine parts.

Applications for the period 1 October - 31 December 1951 are to be submitted by 10 September 1951 and for 1952 by 1 October 1951.

Based on the data of the Machine Conservation Office, the High-Quality Steel and Machine-Tool Trading Enterprise will enter into contract with domestic organizations and, in the case of imports, with the foreign trade enterprises (Electroimpex, Technoimpex).

If an application is disallowed by the Machine Conservation Office, the applicant may appeal to the President of the National Planning Office. Contracts concluded between user and foreign trade enterprises after 1 October 1951 will be reviewed by the Machine Conservation Office, which will either approve them or allocate the tools to other applicants.
